Honorable Dan E. Garvey
Acting Governor, State of Arizona
State House
Phoenix, Arizona

Dear Mr. Garvey:

Inclosed herewith is an application from the National Guard of Arizona for certain portions of Fort Huachuca, Arizona, necessary for the training of the National Guard of this State.

From information furnished me, the provisions of Public Law 289 of the 80th Congress, commonly referred to as "The Surplus Property Act", requires a certificate from you to the effect that this particular item of surplus property is required by the State of Arizona as a training site by the National Guard of Arizona.

It is earnestly requested that you execute such a certificate in view of the fact that the provisions of Public Law 289 of the 80th Congress direct that the applications must be acted upon prior to 31 August 1948.

With every good wish, I am.

Respectfully yours

A. M. TUTHILL
Major General, NG, As
The Adjutant General
